

Demo version (not for resale) for IT retailers

With Office Manager, you can offer your customers the software solution for efficient document management. Our universally applicable, open to configuration, high-performance innovative solution supports full-text indexing of all digital and previous paper-bound documents, connects them with projects, work groups or customers and makes them centrally available at any time.

See the numerous benefits of Office Manager for yourself. In addition to the [download](#) of the fully functional 30 day test version, we offer IT retailers a no-charge starter kit with

- ✓ an Office Manager version for demo purposes and use by your own company
- ✓ and a copyable test version to forward to other interested parties.

Reply to Softwarebüro Krekeler

Note: This non-binding offer is targeted exclusively at the IT retail trade.

Please print out this form and fax it along with a copy of your business license to +49 3375203622. Delivery is done online.
